Чтение

My name is Sunil. I live in India.

We have six seasons: spring, summer, the monsoon season, early autumn, late autumn and winter. Winter is a warm season. Spring is warmer than winter.

Summer is very hot. It is the hottest season of the year.

It doesn't rain in winter, spring or summer. The monsoon season is hot but it rains every day.

It often rains in early autumn, too. Late autumn is colder than monsoon season but warmer than winter. In spring, summer and autumn we work in the garden.

I don't like monsoon and autumn because I don't like when it rains. My favourite season is winter. In winter I often play football with my friends. I can't ski or skate because it doesn't snow.
