I'm Michael. I'm fond of baseball. People guess that I like baseball as soon as they see me since I always wear a printed T-shirt and a baseball cap. But more than baseball, I enjoy travelling and adventures and I'm happy to have a family like mine. There are five of us: mum, dad, my two twin brothers and myself. My brothers are only two years older than me – they are twelve, so we are just a team! My parents run a travelling circus and we never stay at the same place for too long. Each time when we come to a new place, we set up our tent and the show starts! Sometimes we stay in hotels, but they are rather expensive. That's why usually we stay in our caravans.

My brothers and I can't go to school every day because we are out of our hometown for about half a year. We learn at home, that is, in our caravan. My father helps me with Mathematics and my brothers explain Science to me. I have to say I'm not very good at these two subjects, and I'm not fond of them. But I can always help my brothers with French. I like this language very much, and my teachers at home say I have a talent for languages. Frankly, it's difficult to learn at home but I'm happy with my life anyway. I've been to so many places most children have only seen on TV.
